

ENTRY FORM

STUDENT ENGINEER

Entries close 5pm 30 March 2023

An undergraduate engineering student or group of students who demonstrate outstanding design and innovation in their final year tertiary project. Students must develop or improve a device or methodology with an innovative and unique design.

TO BE ENVI.ED

- Robust engineering analysis that shows investigation, testing, validation and improvements.
- Demonstrated lateral thinking and problem solving – a solution to an identified need or problem, or a new benefit or advantage over existing alternatives.
- Design delivers value to the environment or society in which the project exists.

CRITERIA

- Entries are open to individuals or teams
- Studying an Engineering New Zealand-accredited qualification
- Studying at a tertiary institution in New Zealand
- Applicant must be an academic and either a:
 - Dean or programme director, or equivalent
 - Programme leader in an engineering discipline, or
 - Paper coordinator for the project being submitted.
- A maximum of three entries for this award category from any tertiary provider
- Does not have to be an Engineering New Zealand member

YOUR ENTRY

Give us the elevator pitch, and make it punchy – why is this individual or group deserving of the Student Engineer of the Year Award?

500 words

Enter your pitch statement

Describe the engineering project the nominee has submitted for their final year project

- Summary of the project including investigation, testing, validation and improvements
- How unique and relevant is the project
- The project's contribution to engineering, the environment and/or society

1000 words

Enter your entry details

SUPPORTING MATERIAL

When uploading your entry form, you'll also need to provide some supporting material. Please have this on-hand as you will not be able to save and return to your entry once you start the upload process.

- Photo of the individual (hi-res image under 10MB)
- Up to four supporting files that may assist the judges in assessing your entry (under 10MB per file)
- Up to four supporting links to websites or videos
- Any b-roll footage your organisation has which showcases your entry and could be used for promotional use in relation to the ENVIs – your entry will not be hindered if no footage is submitted
